

17th April 2020

Dear families

On Thursday 16th April the Government announcement extended the lock down by a further three weeks, therefore Dysart School will remain closed and those pupils who can be kept safely at home should remain at home. This will be reviewed again following the next Government announcement.

If you have been contacted by school and are expecting to send your child in, from Monday 20th April - for some days, school will be open for these pupils only.

If any parents feel they need support, please contact the class teacher by email or Sue Bashford (by replying to this email) so that we can look at what support can be provided. The main school number (020-8412-2600) can be used from Monday 20th April.

We hope you all remain safe during these unprecedented times.

Yours sincerely

Leigh Edser
Principal
